

Naveen K

Frontend developer

I'm a Frontend Developer with over 1+ years of experience building and managing web applications. I'm proficient in front-end technologies like HTML, CSS, React.js, and Redux Toolkit, specializing in creating responsive and visually appealing user interfaces while efficiently managing application state. I also have basic knowledge of backend technologies like Node.js, Express.js, and MySQL, which helps me better understand how to integrate APIs and manage data. Additionally, I have some basic knowledge of SEO to improve web visibility. I'm passionate about delivering high-quality solutions and enhancing the user experience through clean and efficient code.
